

Public Engagement

Organisation and Individual Award

This award will recognise public engagement and voluntary activities that have helped to raise the profile of biomedical scientists and laboratory staff who work in healthcare.

Submissions could include activities and events that inform the wider world about biomedical science and inspires the next generation of biomedical scientists.

This award is open to individuals as well as organisations.

Please submit the following information:

Entrant Details	
Nominee name (organisation or individual)	
Entering organisation or individual's area/s of focus or specialism (if applicable)	
Entry Details	
Please note: You can include links to further information on the activities as well as photographs of the organisation, team members and any relevant work either in your submission or in the supporting evidence.	
1. Describe the objectives of the biomedical science initiatives/voluntary work and how they have helped to raise the profile of biomedical scientists and healthcare laboratory staff. Maximum length 250 words	

2.	Describe any activities you undertook and all measurable impact that was achieved. Please supply quantifiable data as evidence Maximum length 500 words
3.	Why does the nominated organisation or individual deserve to win this award? Maximum length 250 words

Supporting evidence

As well as the information you have provided, we encourage you to supply a file of supporting evidence. This file can include charts or diagrams to support your answers and/or testimonials. You can also include a link to videos to support your entry.

We also ask that you upload photos as part of the submission. Photos are invaluable to the submission as they will be used to represent your entry and bring it to life. We ask for a minimum of one high resolution image and a maximum of three images. All photos submitted must be subject to necessary permissions.
