

Educational Institution

Organisation Award

This award will recognise, reward and celebrate the outstanding achievements of an educational institution that delivers IBMS Accredited degree courses.

Submissions should evidence how the institution has an outstanding impact on student outcomes that prepares the biomedical science workforce of the future to deliver world class patient care.

Please submit the following information:

Entrant Details

Institution name
Detail the relevant courses that your organisation delivers

Entry Details

Please note: You can include links to further information on the Educational Institution as well as photographs of your organisation, team members and any relevant work either in your submission or in the supporting evidence.

1. Evidence your institution's commitment to effectively supporting biomedical science students

Maximum length 250 words

--

- 2. Describe (with supporting evidence) how your innovative educational approach positively impacts on biomedical science students (for example student engagement, academic achievement, practical and transferable skill development and / or employability)**

Maximum length 500 words

- 3. Describe how you have disseminated your innovative approach to maximise the impact of your work. *Maximum length 250 words***

4. Explain how your innovative approach actively supports the development of the future biomedical science workforce *Maximum length 250 words*

Supporting evidence

In addition to the information you have provided in this written submission, we encourage you to supply additional supporting evidence. This can include charts or diagrams to support your answers and/or testimonials. You can also include a link to videos to support your entry.

We also ask that you upload photos as part of the submission. Photos are invaluable to the submission as they will be used to represent your entry and bring it to life. We ask for a minimum of one high resolution image and a maximum of three images. All photos submitted must be subject to necessary permissions.
